FEATURE ARTICLES

Mecredy: On Ginna's lifetime performance record
Are we paying too much to reduce radiological risk?
The AP600—Design certified and ready to build

INTERVIEW BY RICK MICHAL 25
BY HERBERT INHABER 33
BY JAMES W. WINTERS 36

PERSPECTIVE

Albert Einstein: An icon of the 20th century

BY GREGG M. TAYLOR 28

BOOK REVIEWS

The Woman Who Knew Too Much: Alice Stewart and the Secrets of Radiation,
by Gayle Greene

REVIEW BY RONALD L. KATHREN 30

Fusion: A Voyage Through the Plasma Universe,
by Hans Wilhelmsson

REVIEW BY THOMAS C. SIMONEN 32

POWER

FPL Group, Entergy announce merger plans. Nuclear plant dealings—completed, under way, and in negotiations. With license transfers approved, Exelon is new operator of 20 nuclear plants. Energy Secretary hosts utility executives to discuss grid reliability. NEI submits action plan to address grid reliability issues. Restart of ConEd's Indian Point-2 delayed. Return of American Electric Power's Cook-1 set for next year. National platform: Republicans value nuclear as clean electricity source. House committee hears testimony on nuclear's safety, successes. Entergy pact with NYPA assures enhanced worker pension benefits. Proposed NRC guidelines issued for including initiatives. Steam generator check shuts down Arkansas Nuclear One-2. (See also Call for Papers, p. 81, for the ANS 2001 Annual Meeting and Embedded Topical Meetings, June 17–21, 2001, in Milwaukee, Wis.)

19

OPERATIONS

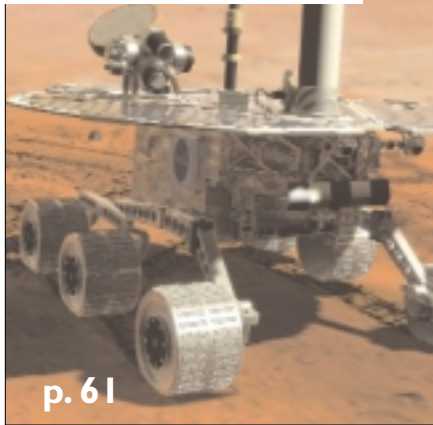

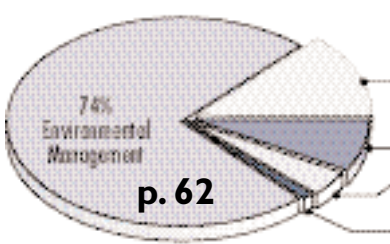

The *Nuclear News* interview—Mecredy: On Ginna's record of lifetime performance.

25

INTERNATIONAL

Red Book: International U inventories just keep growing. Brazil's Angra-2 goes critical, heads for commercial operation. Delegates to donor conference in Ukraine make pledge for Chernobyl sarcophagus rehab. Bidding cycles for Akkuyu, in Turkey, stop; uncertainty ends. BNFL to accept MOX fuel assemblies from Kansai. Okinawa Summit: G-8 countries agree to help finance Russian plutonium disposal. Companies sought for shaft, silo decom at Dounreay, in U.K. U.K. Treasury pledges more funding to FSU. Japan's Tokai reprocessing plant begins trial operation. Merger of Sweden's Barsebäck and Ringhals completed. International Comment: The German phaseout—it's a matter of perception. FRM I research reactor—the Atomic Egg—closed down. German fusion facility opened at Lubmin. U.K. chief inspector named chair of Safety Standards at IAEA. IAEA/NEA report: Lessons learned from nuclear incidents. NEA setting up NEWS early warning system.

41

WASTE MANAGEMENT 51

GAO report on radiation standards explores low-dose science and policy. California Low-Level Waste Advisory Group provides little advice, much "mush." Richardson suspends release of scrap metal materials for recycling. French out, Boston in at Hanford's Office of River Protection. Some airborne Pu found on, off site after Hanford fire. Shaw beats out Jacobs for Stone & Webster. Maine Yankee awards dry storage contract; other contracts.

ISOTOPES & RADIATION 56

Health effects: Research on double strand breaks could prove valuable. Researchers identify new marker, target for breast cancer therapy. Irradiated exotic fruits on way to U.S. mainland. FDA approves irradiation of eggs. Another Mallinckrodt worker overexposed to radiation. High doses of radiation better for some prostate cancer patients. Specialists agree, disagree on prostate cancer therapies. Maple-2 operating license approved by Canadian Nuclear Safety Commission. NRC revamps rule on radioactive material.

SPACE APPLICATIONS 61

Mars rover mission planned for 2003 will use radioisotope heater units.

RESEARCH 62

DOE releases new nuclear materials management plan. Future of nuclear research, FFTF subject of draft PEIS. Draft report is a plan for fusion progress.

EDUCATION 66

Cooperative program between UW-Madison, South Carolina State aims to increase diversity.

FUEL 71

USEC's Portsmouth plant closure announcement leads to more troubles.

INDUSTRY 72

Morrison Knudsen acquires Raytheon firm, other business developments. Motor work for American Ecology; other news about contracts.

Coming up . . .

October—Special Section on Nuclear Power Plant Maintenance

November—Special Section on Nuclear Power in the 21st century

Nuclear News (ISSN: 0029-5574), Volume 43, Number 10. Published monthly (except during the month of March when issued twice monthly) by the American Nuclear Society, Incorporated, with business, executive, and editorial offices at 555 N. Kensington Ave., La Grange Park, Illinois 60526; telephone 708/352-6611. Subscription rate is \$236 for 2000; overseas subscribers add \$51 per year for postage and handling. Single copy price is \$19; \$8 additional for overseas postage and handling (except for the Buyers Guide issue, which is \$78; \$10 additional for overseas postage and handling). Individual ANS members receive *NN* as part of membership (up to \$48 of dues allocated to *NN*). Replacement copies may be obtained at the single copy price, as long as copies are available. Inquiries about the distribution and delivery of *Nuclear News* and requests for changes of address should be directed to the American Nuclear Society. Allow six weeks for a change to become effective. POSTMASTER: Send change of address orders to *Nuclear News*, American Nuclear Society, 555 N. Kensington Ave., La Grange Park, Illinois 60526, or <nucnews@ans.org>.

Nuclear News is printed in New Richmond, Wis. 54017, by St. Croix Press, Inc. Nonprofit periodicals postage paid at La Grange, Illinois, and at additional mailing offices. Copyright © 2000 by the American Nuclear Society, Inc. Trademark registered in USA and Canada.
